

**Richard Foster says this about Springs of Living Water! :**

*"I count on one hand the number of renewal efforts across the country that really understand the message of spiritual formation and how it actually works for the transformation of the human person into Christ-likeness. Springs of Living Water! is high on that short list. Under the capable servant-leadership of David Young it provides a model for spiritual growth that can be studied with genuine profit. I give my highest recommendation to Springs of Living Water!"*

**Experience in teaching Church Renewal**
